Cowgirl Trail is part of a six-book series about four generations of the Morgan family living, fighting, and thriving amidst a turbulent Texas history spanning from 1845 to 1896. Although a series, each book can be read on its own. In 1884 Maggie Porter returns to the Rocking P Ranch. The sanatorium was not able to save her mother and now her father's health is failing. When the cowboys walk off the job leaving no one to drive the cattle to market, head ranch hand, Alex Bright, cannot convince the men to stay. How could Alex let this happen? Maggie is desperate to save the ranch and she turns to the town's women for help. The new cowgirls must herd, rope, and drive the cattle to market. With only two days left, outlaws charge the small band of cowgirls in an effort to start a stampede. The cattle begin to scatter. Will they lose everything? Where will their help come from?
